

Sample Proposal

Name: James Patterson
Address: 222 Main Street
Anytown, USA

Age: 12
School: Clark Middle School
Project Name: Recruiting First Time Blood Donors

The Clark Community Blood Drive will be held on December 14. I believe that many people in our community have not ever donated blood. I would like to recruit 10 first-time blood donors for our community's blood drive, as well as inform loyal blood donors about the drive. I will do this by:

- ◆ Going door-to-door in my neighborhood and asking adults to sign up for the blood drive.
- ◆ Creating a flyer about the blood drive and giving it to my classmates to bring home to their parents.
- ◆ Making a presentation to my Boy Scout Troop about the importance of blood donation. I will also give the scouts copies of my flyer to bring home to their parents.
- ◆ Working at the blood drive from 10:00 am-12:00 pm. I will greet blood donors and serve cookies and juice.

Project Start Date: November 1, 2001
Project End Date: December 14, 2002

I will bring my sign up sheet of blood donors to Mary Jones at United Blood Services and also give a copy to my teacher, Mr. Frank.
